

Kathy Karkut

With over 25 years of experience in museums, including 18 years as the first Collections Manager at the Museum of Health Care, Kathy is accomplished in all aspects of collections management, with a particular strength in storage solutions, exhibit design, and supports. Before joining the Museum in 2007, she spent nearly a decade working with collections and exhibits in a variety of institutions. Kathy is passionate about mentoring students, inspiring new generations of museum professionals, and supporting smaller museums in caring for their medical and pharmaceutical collections.
